

Jazz Project Medical Fund Application

Because jazz musicians are typically self-employed, freelance players, many are underinsured or go without medical insurance. When emergency medical treatment is required, many are left without the financial means to cover medical treatment and rehabilitation costs. Through The Jazz Project Medical Fund, assistance is offered to uninsured and underinsured jazz musicians with emergency medical and rehabilitation expenses on a case by case basis. To be considered for this program, please complete the information below and submit it to:

The Jazz Project, Medical Fund, 413 Morey Avenue, Bellingham, WA 98225.

Priority is given to working jazz musicians. A copy of the bill and payment history is required. A Jazz Project co-payment may be made for medical expenses when funding is available. For more information, contact The Jazz Project at 360.650.1066 or jsherwoodjazzproject@earthlink.net
